

AUTHOR VISITS with SUSAN CAMPBELL

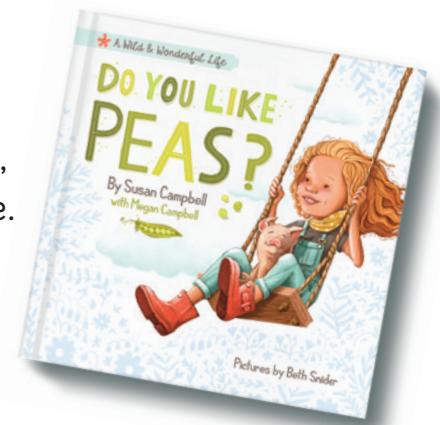

"I love reading to children! My visits are fun and interactive."

Do You Like Peas?

The words are not fancy and may be a bore, but the question itself always leads to more.

Meet Olive and Marie, two friends whose friendship began with the simple question, "Do you like peas?"

As their friendship blooms, they discover a new friend who is actually everyone's friend — including YOURS. Come along on their wild & wonderful adventure that is sure to make you smile.

"My mom called the period of time when people are becoming friends the 'do you like peas' stage. This is when you are learning all about each other. When reading *Do You Like Peas?*, children discover that having a friendship with Jesus can be a lot like earthly friendships — beginning with a question and developing over time."
