

Jesus Does More Than Simply Meet Your Expectations. He Exceeds Them.

Susan Campbell's most recent devotional book, *Immeasurably More*, reminds women that Jesus cares about every detail of their lives—and our not-so-perfect lives are exactly the ones He seeks. Our words and actions can become powerful ways Jesus carries out His best purposes through us because He is able to take even the most ordinary things and open the way to an immeasurably more kind of life.

Susan loves Jesus and the hearts of women. Her desire to equip women with tools to help them experience the wild & wonderful life Jesus offers led her to the path of becoming an author. Currently, she has written three books: *A Wild & Wonderful Life*, *Do You Like Peas?* (a children's book) and her newest release, *Immeasurably More*. Founder of More Than You Imagine Ministries, Susan has developed several women's ministry programs, trained thousands of women in leadership, and facilitates Bible studies for women.

When life feels minimally less, Jesus makes it immeasurably more.
